## Let US Put the "EASY" back in Fundraising!

### Benefits

- **Less Hassle!** No need for members, supporters or their family members to buy anything!
- **Higher Sales:** Have your items in front of a worldwide market! Over 200 million total users on eBay! Live auctions raise up to 30% more money Plus you keep 75% of profits!
- **Donor friendly:** Gives supporters a chance to clean out their closet for a good cause. We can also give them a receipt for tax purposes.

### How it works:

Sell it fast gives you an easy alternative to traditional fundraisers. Garage sales, car washes, bake sales and door to door candy sales are a thing of the past. Once registered with us, you can have supporters drop off their items and we take care of the rest. When auctions are complete, we mail your organization a check! We can also help you organize your fundraiser by creating your flyers and donation forms.

## Fundraising & Charity Drives without the hassle in three easy steps

1. Register your church, school / PTA or charitable organization with **Sell It Fast** auctions. Once registered, have your members & supporters drop off items with us directly or we can schedule a pick up at your location.
2. Once we have the items, we take photos, post the auctions and manage them while you sit back and watch them sell. We will answer all questions from potential buyers, process payments and take care of the shipping.
3. You Get Paid! At **Sell It Fast** we do all the work and you turn your treasures into CASH!

### How much?

We like to make things easy...

The service costs only 25% of the final sale price and the remaining 75% goes directly to your organization! Typical fundraiser programs only pay 30-50%.
